SER. No.

To The Inspector General of Forests & Plantations

Dated in duplicate

Despatched June 87.

Received

Enclosures No.

General No.

No.

Subd. No. 1/7

His No. 883 of the 15th June 87.

Forwarding Deputy Commissioner's letter with Enclosures, on the subject of the proposed reservation (as a Sandal Reserve) of Survey No 35 of the Nakulegode Village in the Hassan Taluk.

Has the remarks

Observe that the information now furnished as regards the Number of trees standing on Survey Nos 35 & 49 ~~was~~ is inaccurate -

His Subdivisional Conservator

the W. of on Survey No 35
States that ~~there are~~ trees,
~~consisting~~ of fairly mature
and young trees, Saplings &
Plants on Survey No 35 is 10,000/-
while the Amildar's
reports ~~the~~ shews that there
are only 5000 trees on this number
including
the 4000 planted by the
Forest department. Again, the Amildar reports that there are 800 Sandal trees on Survey No 49 and an extensive growth of teak plants, while the Asst Conservator states that on this number, the growth of Sandal is similar to that on No 35.

2. The Amildar has not obtained and submitted ~~a~~ Mutchelikas from the Villagers in proof of their willingness to take up Survey No 49 in Exchange for No 35 though this was called for by the Dy Conservator with reference to para 4 of the Sub asst Conservator's letter to his address. ~~It seems unsafe~~
~~cannot agree with the Inspector~~
~~to assume~~
~~General that~~ in thinking that
that ~~the~~ silence on the part of
Ryots implies their willingness
to have Survey No 49 in lieu of No 35

Note. The Amildar recommends that the whole of No 49 and the planted portion of No 35 may be reserved for plantation purposes.

2 The Inspector General (after his report) will therefore be requested to submit ~~a~~ ~~full & complete report~~ on all the points alluded to in para 2 of Govt Pro: No 1536-2. dated 27th March 1926 ~~for~~ to thereupon ~~forwarded~~ ~~Secretary~~

To

The Chief Secretary to the Government of Mysore.

SIR,

I have the honor to forward for orders of Govern.-ment, letter nº 327/7 dated the 8th September last, with its enclosures, in original, (to be kindly returned) from the Deputy Commissioner of the Hassan District, proposing the reservation of Survey nº 35 measuring 185 acres and 29 guntas in Nakulgud village of the Hassan Taluk. This land forms part of gomal allotted to the village and contains a good growth of sandalwood trees which require to be strictly conserved and extended by re-productive measures. It is sought to be ex-changed for survey nº 49 Kharab measuring 173 acres and 13 guntas in the same village, which is sold annually for pasturage. In fact, this survey nº is stated to be better wooded than the gomal survey nº 35. The ryots are only unwilling for the exchange, because the land they are to get is more distant

~distant than their present gomal which must be ~both useless and annoying to them on account of sandal trees growing thereon, and which they have agreed to surrender in favor of the less restrictive and more useful jungle tract comprised in survey no. 49. Should the Government agree in this proposal, I beg that the alienation statement submitted by the Deputy Commissioner, may be sanctioned. On receipt of orders, I intend notifying the boundaries of the proposed Sandal Reserve.

I have the honor to be,
Sir,
Your most obedient Servant,

General No. 15360-2

No 268

Calling for further information in the allotment as a Sacred Reserve of the free Gomal land area 35 in the Nakud Khel village of the Hapan Taluq.

(4)

Read:—

Letter No. 2244/201 of the 24th November 1891 from the Inspector General of Forests & Plantations in Mysore.

No. 15360-2/268 of 27-3-92 Order thereon:—

E I file

At the instance of the Deputy Commissioner of the Hassan District, the Inspector General of Forests solicits sanction for the allotment as a Sandal Reserve, of the free ground land Survey No. 35 measuring 185 acres and 29 guntas in the Nakulgud Village of the Hassan Taluk on the ground that

it contains a good
growth of Sandalwood
trees which should be
conserved & extended by
reproductive measures.
The land proposed to be
given to the Villagers in
exchange is Survey No 49
Khanab, measuring 1.71 acres
and 13 guntas, (not 173
acres & 13 guntas as mentioned
in the Inspector General's
letter under reference),
which is being annually
sold for pasturage. This exchange is objected to by the
Ryots ~~are reported to be~~
~~unwilling for the exchange~~
on the ground that
~~simply because the~~
~~for~~ Survey No 49 is situated
at a distance; but as
~~observed by the Inspector~~
observes that
General of Forests, the Ryots'

have agreed to surrender No 35 in exchange for No 49

difficulties in this matter will be more than counterbalanced by the free & unrestricted use to which they will gradually put the land now to be set apart as free gonad, & that in this view they

They don't show that No 49 was used for Sandal wood farming therein

2 The papers R & L don't show how much Govt wants and deal the number of sandal trees growing on the land No 35. They also don't contain any proof of the willingness of the villagers to take up No 49 in exchange for No 35 as free grazing land. Information on these points should be had.

2. Under such circumstances the Inspector General's recommendation for the reservation as a Sandal Reserve of Survey No 35 and for the allotment as free gonad of Survey No 49, is sanctioned. The necessary corrections will be made in the Village records & the boundaries notified in due course.

3 It is remarked on an inspection of the map that a Reserve & Plantation in No 35 will be liable to the objection of inconvenient proximity to the Village & this is much complained of by the Panchayat Representative Assembly. No 49 is decidedly far from the Village & the Dy Co has reported that facilities of access & the water without disturbance of villagers in the surrounding lands

3. The Deputy Commissioner's attention will be drawn to the statement submitted by him to the Inspector General, with his letter

statement requires that the Gonal lands also should be shown in the map

16/2

No 327 of the 8th September 1891 in which Survey No 49 has ~~not been included under the head~~ "total extent of Sandal land in the Village" altogether been omitted. Such an omission is opposed to the object with which the Statement has been prescribed by Government. This land has ~~evidently~~ not been allotted to the Villagers as Gomal, the fact of its being a Khanab land, not under occupation, and being liable to be sold annually for purposes of free grazing, should have induced the authorities concerned to include the same in the Statement.

J. D.

Under Secy

(Draft for approval)

Submitted.

As the land in question is said to contain a number of Sandal trees, its reservation may be sanctioned. The question of extending the Sandal plantation will of course be regulated by the orders recently passed on the subject

OFFICE OF THE INSPECTOR GENERAL OF FORESTS AND PLANTATIONS IN MYSORE,

Enclosures. One file — Dated, Bangalore, 16 June 1892.

(7)

From

The Inspector General of Forests,

To Mysore,

The Chief Secretary to the Government of Mysore

Sir,

With reference to Government Proceedings No. 15360-2/268 dated 27th March last, I have the honor to forward in original (to be Kindly returned) docket No. 122, dated 30th ultimo, with enclosures, from the Deputy Commissioner, Hassan, regarding the reservation of Nakalgud Oadavé in the Hassan Taluq on account of good Stock of Sandalwood trees naturally grown therein.

2. The Forest officer's letter and the Amildar's report which form the above enclosures give an approximate number of Sandal trees which are in different stages of growth in Survey No 35 which has been enclosed by a demarkation line of 22 yards wide and only remains to be notified - Sandal planting has been successfully carried on subsequently in the said number.

3. The ryots have already had Survey No. 49 as their gomal which used to be sold for Hulbani heretofore. This Survey number is stated to contain also Sandal

and

and teak trees among other kinds; but it is reported that the present gomal of the Village viz 216½ acres is more than ample for cattle there and that the ryots can freely obtain wood for their Agricultural implements &c. The silence on the part of ryots implies their willingness to have Survey No 49 in lieu of No 35 which is for all intents and purposes now reserved.

4. As regards the general objection to the proximity of the Sandal Reserve to the Village and also the facilities of access to Survey No 49, the Forest Officer's letter explains how such objection is met with and what facilities exist; and the Amildar of Hassan further states that cattle have to pass through Survey No 41 (waste) to get into Survey No 49.

5. In Conclusion, I beg that the alienation Statement submitted with my letter No: $\frac{2264}{201}$ dated 24th November 1895 /91. may be Sanctioned.

I have the honor to be,
Sir,
Your most obedient Servant,

Inspector General of Forests.

SECTION 74

FILE NO. 23-91

SUB 8

The Inspector General of Forests & Plantations in Mysore.

Dated 5th July 1892

No 238

R:729-92

His No. 883 of the 15th January 1892 Submitting Hassan Deputy Commissioner's letter with enclosures, on the subject of the proposed reservation (as a Sandal reserve) of Survey No. 35 of the Nakulepde Village in the Hassan Taluk.

Has the honor to observe that the information now furnished as regards the number of trees standing

on Survey No 35 & 49
is inaccurate. The Sub
Assistant Conservator
States that the No of fairly
mature and young trees
Saplings and Plants
on Survey No 35 is 10000
while the Guildar's reports
shews that there are
5000 trees on this Number
including the 4000 planted
by the Forest Department.
Again, the Guildar reports
that there are 800 Sandal
trees on Survey No 49 and
extensive growth of
teak plants, while the
Sub assistant Conservator
states that on this number
the growth of Sandal is
Similar to that on No 35.

2. The Guildar has
not obtained and Submitted

a

a Mutchellika frontier Villagers in proof of their willingness to take up Survey No 49 in Exchange for No 35 though this was called for by the Deputy Commissioner with reference to para 4 of the Sub Asstt Conservator's letter to his address. It seems unsafe to assume that that silence on the part of the Ryots implies their willingness to have Survey No 49 in lieu of No 35

3 A further report on all the points alluded to in para 2 of Government Pro: No 1536o-2 dated 27th March 1892 is therefore desired & circulated.
